

Supporting Refugee Kids Series

Do you want to gain access to professional advice for refugee-background children and young people impacted by trauma – without the wait?

Join the virtual on-line 'Supporting Refugee Kids' series for weekly support and guidance from medical, allied health and education professionals.

Relevant for healthcare providers, education professionals, and refugee support workers

"Zoom" in from your office, practice, or home, using any other device with an internet connection & webcam.

Interactive case presentation every week.

GPs are eligible to earn CPD points (RACGP & ACRRM) & claim Medicare rebates. Conditions apply.

Curriculum:

Trauma and child development

Children of culturally and linguistically diverse (CALD) backgrounds and stress-related disorders

Challenging behaviours – differential diagnosis

Complexity of assessment and treatment in refugee kids

Navigating specialised services in the community for children of refugee background – QPASTT and others

Using interpreters to enhance communication

Trauma symptoms in the classroom

Details
