

REFUGEE HEALTH
NETWORK QUEENSLAND

2018 and beyond – Refugee Health Network QLD plans and priorities

Vicky Jacobson

Network Coordinator

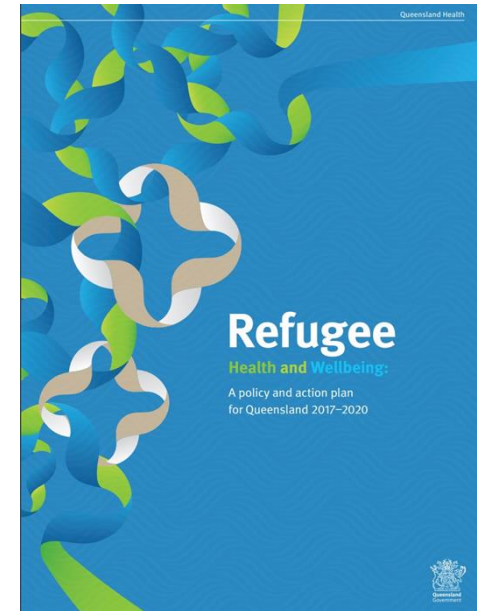

Donata Sackey

Chair, Refugee Health Partnership Advisory Group Queensland

A Quick Re-Cap

2017

- Launch of the Refugee Health and Wellbeing Policy and Action Plan (65 action items)
- Inaugural Qld wide RH Nurses meeting and RH show case
- Network structure defined:
 - ✓ RH-PAGQ
 - ✓ Regional groups, working and advisory groups
- Network team and partners commenced working on action items
- New Humanitarian Settlement Program (Oct)

2018

- This year we are:
 - Consolidating and expanding the partnerships
 - Delivering on activities in the policy and action plan
 - Develop and share resources to support refugee health delivery

Locally within the regions and within working groups –

- Taking inspiration from the concurrent sessions at the showcase today, we encourage you to look at your area of work and ask yourself:
 - What small or big change could you make in your organisation to improve community engagement and language access?
 - How can you work in partnership with others to deliver innovative practice?

Priorities for the network team

- In 2018 via the RH-PAGQ priorities areas are:
 - Interpreter working group
 - Supporting refugee health services by advocating for quality health information
 - Evaluation of the policy and action plan
 - Create opportunities for local health issues to addressed

Thank you Questions
